PROFILE

/// SHAPING TOMORROW'S SPACES TODAY

HAA&D is an international architecture and design studio rooted in the vibrant heart of Berlin, serving discerning clients across Europe and beyond. Founded by Swiss- and Berlin-registered architect Hagar Abiri, our studio has, since 2014, been a hub of innovation, creativity, and excellence.

We specialize in high-end interior design, urbanism, and architecture, blending cutting-edge technology with timeless aesthetics. Our approach is holistic—every project is a dialogue between the physical and digital, the local and global, the present and future.

/// OUR VISION

At HAA&D, we believe that architecture is more than just building structures; it's about shaping experiences, communities, and futures. As society evolves at a rapid pace, so too must our environments. We design spaces that are not only beautiful and functional but also adaptable to the ever-changing needs of our clients and the world around us.

/// WHAT WE OFFER

High-End Interior Design. We craft luxurious, minimalist interiors that reflect your unique vision while enhancing functionality and comfort. Our designs are a fusion of art and science, ensuring that every space we create is not only visually stunning but also technically sound.

HAA&D

Urbanism & Consultation. We provide expert consultation on urban development, focusing on creating sustainable, connected communities. Our urbanism projects are designed to promote social cohesion, environmental responsibility, and economic viability.

Bespoke Architectural Solutions. Whether you're modernizing a historic building or developing a new space, we offer tailor-made solutions that respect the past while embracing the future. Our designs are rooted in sustainability, ensuring that your project is both a legacy and an asset to its environment.

/// OUR PHILOSOPHY

Sustainability as Standard. We prioritize environmentally responsible design, using sustainable materials and energy-efficient technologies to minimize our projects' ecological footprint.

Innovation through Integration. Our designs integrate the latest in digital technology and architectural innovation, creating spaces that are flexible, future-proof, and ready to meet the challenges of tomorrow.

Client-Centered Approach. We see every project as a partnership. Your needs, dreams, and values are at the heart of our creative process. From the initial concept to the final detail, we work closely with you to ensure that your vision is realized to the highest standards.

/// WHY HAA&D

Choosing HAA&D means choosing a partner who is committed to excellence in every aspect of design. Our international team brings a wealth of experience and a global perspective, ensuring that your project benefits from the latest trends and best practices in the industry. We are passionate about what we do, and this passion translates into spaces that inspire, uplift, and endure.
